

March 4, 2016

Dear Parents and STEM Students,

We would like to invite you to an informational meeting regarding the STEM program on March 22, 2016 at 6:00 PM in the Union County Fine Arts Center. During this program, we will explain the program from Freshman to Senior year in its entirety. We will have information that is crucial for the upcoming freshman as well as the current STEM students. We will also discuss scheduling information, future program initiatives, honor code, courses of completion, and information regarding future trips.

In addition, we will be available to answer all questions and will be handing out summer assignments for the upcoming freshmen. If you cannot attend, please contact Alecia Frizzell ([afrizzell@ucschools.org](mailto:afrizzell@ucschools.org)) and/or Melissa Bridges ([mebridges@ucschools.org](mailto:mebridges@ucschools.org)) in order to receive the necessary information for continuing in this program. Thank you so much for your time. We are excited about the upcoming school year, and we look forward to meeting with you.

Sincerely,

STEM Academy
